

RCC BUILDING RENOVATIONS

The RCC basement is scheduled to undergo some necessary changes this Spring and Summer. The addition of three classrooms, storage space, work space and the expansion of the nursery will all take place in the coming months.

It's essential that we attend to the physical changes to the basement first. The need for RCC Children's and Youth Ministry space is the most critical at this time.

These changes will help us with overcrowding in our nursery by adding a separate room for toddlers under 3 years old apart from infants. With the addition of three classrooms, our Children's Church groups can have dedicated space to meet together. This helps both the children and teachers. One of the classrooms will double as a ministry workspace and office.

It's exciting when needed change occurs. More carefully selected changes are also coming. The shift to two services, addition of pastoral staff and needed administrative & structural changes are also on the horizon for RCC.

It's important to remember a few things as we move forward. First, all Church activities must be for the glory of God and the furtherance of His Kingdom. We must stay focused on this as we move forward. Second, this is just the beginning. A healthy church body is much like a healthy human body. It's growth and needs change over time. I praise God we have the "good problems" that warrant such changes.

Jason Triplett
Lead Pastor, RCC

CHURCH BUILDING NEEDS COMPLETION

RCC is in partnership with Romanian evangelical missionaries to help build 7 Churches in 7 Years. The RCC mission team and Romania mission collective have recently discovered that **the first Church building in Orevita Mare still needs \$9600.00 to be completed by the May 31st deadline.** We are praying and seeking how this need can be met so the next of 7 buildings can begin construction in June. If you feel led to donate to this effort, please speak with Pastor Jason at (309)331-0200 or Claire Monteen at (630)709-4322.

RCC FAMILY GAME NIGHT

Nearly 50 people participated in the RCC Family Game Night. A great time of connection and fun.
